# Stone Age to Iron Age in Britain

Key Words	Meaning
Pre-history	The time before recorded history or the invention of writing systems
Hunter gatherer	A member of a nomadic group who lived by hunting, fishing and harvesting food
Stone Age	A period of history where humans used stone tools
Iron Age	the period that came after the Bronze Age
Settlements	places where people live and sometimes work

Why did people start to live in settlements?

I can explain some of the challenges faced by early man and how they over-came these challenges.

I can support my opinion using because and provide evidence.

1. They had to move to get food and shelter because they had no knowledge of farming.
2. Before the discovery of fire, they had to eat their food raw .
3. They didn't have sophisticated weapons to protect against wild animals.
