

# The Mayans

**What are the similarities and differences between British history and the Mayan Civilisation?**

Key Words	Meaning
Archaeologist	a person who studies human history and pre-
Culture	the ideas, customs, and social behaviour of a
Ancient Civilisations	first settled and stable communities that became the basis for later nations/empires

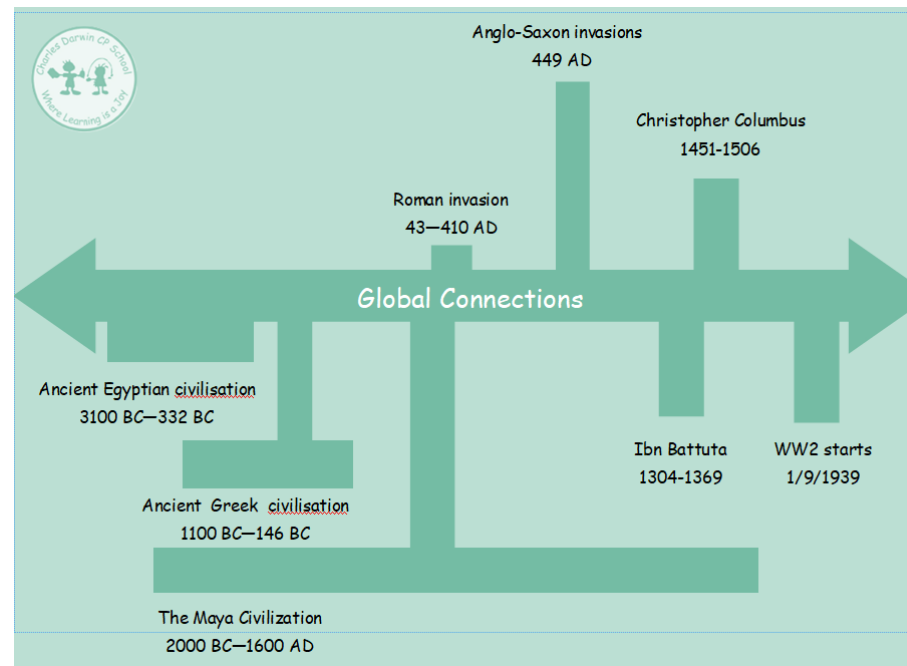

**I can compare the Mayan timeline with the British historical timeline**

The Mayan timeline spans a period of over 3600 years.

In Britain, at this time, we have the Bronze Age, Iron Age, the Roman Invasion and the Anglo Saxon Invasion.

# The Mayans

**I can explain the similarities and differences between British history and the Mayan Civilisation**

Many people believe that the Mayan Civilisation fell because of the invasion by the Spanish just like the Anglo Saxons fell because of the Norman invasion.

The number system was introduced at a similar period in time.

Farming techniques were different because of the different locations and the crops grown, but they both advanced with new technologies.
